

The image shows the software box for Livewire Electronic Circuit Simulator. The box is 3D-rendered, showing the front and side panels. The front panel features a glowing blue and purple circuit board with various components like resistors, capacitors, and a digital display showing '0.2042 μV'. The text 'Livewire' is written in a large, bold, black font, and 'Electronic Circuit Simulator' is written in a smaller, red, italicized font below it. The side panel also has the 'Livewire' logo. The background of the box is a dark, textured blue.
